How to order:

Registered Centres

Please note that only registered Cambridge centres may order the microscope slides. Schools registered with an intermediary should contact their Associate Centre to place a microscope slides order.

Postage prices

UK	All prices quoted include postage to an address within the UK.
Microscope slides (Registered centres only)	If the delivery address is located outside the UK, please tick the appropriate box on the form and it will automatically add £22 for postage for any quantity of slides ordered*. Please note that this charge includes the cost of courier delivery of your order.

*Postage of Microscope slides

Please note that microscope slides are only available to registered Cambridge centres.

Certain countries impose a limitation on the size of individual, posted packages according to the value of the contents. This means that on very large orders of microscope slides, goods may need to be sent as a series of smaller packages, each carrying a separate postal charge. Where this occurs the costs will be added to the total due.

Postage to all other countries without restrictions will be charged at the flat rate quoted above.

Slides are prepared either side of the live examination series throughout the year. This will impact on the delivery date. Our Customer Services team will be in touch if there is a significant delay.

Additional factors affecting your payment
