

# Ten reasons to choose Cambridge

We work with schools worldwide to build an education that shapes knowledge, understanding and skills. Together, we can give your child the confidence they need to thrive and make a positive impact in a changing world.

## 1. Globally recognised qualifications

From the world's top-ranked universities to local higher education institutions, Cambridge qualifications open a world of opportunities, helping to prepare your child with the skills they need to succeed in higher education and beyond. Every year, thousands of Cambridge learners gain places at leading universities around the world.

## 2. Setting a global standard

We are the world's largest provider of international education for 3 to 19 year olds and part of the University of Cambridge. We have over 160 years' experience in delivering fair, valid and reliable assessments to students worldwide, and our globally trusted curriculum, resources and support help schools to offer the highest standard of education.

## 3. A flexible pathway for every learner

The Cambridge Pathway offers five stages of education and supports learners from age 3 to 19, helping them achieve their potential inside and outside the classroom. The curriculum can be adapted to local and individual needs, helping learners build strengths in the ways that suit them best. Offering a wide range of subjects, schools can build a curriculum that offers real choice.

## 4. Resources developed with teachers, for teachers

When we develop our resources, teachers are at the heart of everything we do. We work with leading authors and educators to ensure our resources meet the needs of the classroom. We only use evidence-based approaches to teaching and learning, proven to motivate students to participate in an active classroom.

## 5. Learning with lasting impact

We recognise that meaningful education is more than subject knowledge. We focus on subject understanding, active learning, and real-world examples that support your child to develop a broad range of expertise, values, attitudes and behaviours, helping them to thrive in life.

## 6. Flexible and meaningful assessments for every student

Our flexible assessment structure helps maximise time for teaching and learning. By focusing on deep subject knowledge, conceptual understanding, and higher thinking, we make sure students are evaluated in ways that reflect the broader skills they are developing. Flexible structures and simple language in our assessments help create a fair and positive experience for all learners in every country – especially as many of our learners are non-native English speakers.

# Ten reasons to choose Cambridge

## 7. Inclusive and supportive

We believe every learner, teacher and member of the school community deserves to feel safe, accepted and supported. We celebrate the diversity of our global community, working hard to ensure our curriculum, assessments and teaching resources reflect a wide range of cultures, abilities and identities. By offering inclusive experiences for all, we provide support for learners to develop in a way that's meaningful to them.

## 8. A global learning community

Our global community is made up of over 10 000 Cambridge schools. By working with our wider community, teachers can connect with other schools to learn and share best practice from around the world that can help to shape your child's knowledge, understanding and skills.

## 9. Education for a sustainable future

We believe education is key for tackling the climate crisis. Building on research from the University of Cambridge, we are working to embed climate change education into the curriculum. We are committed to helping every Cambridge school deliver climate change education that gives learners the confidence to make a positive impact in our changing world.

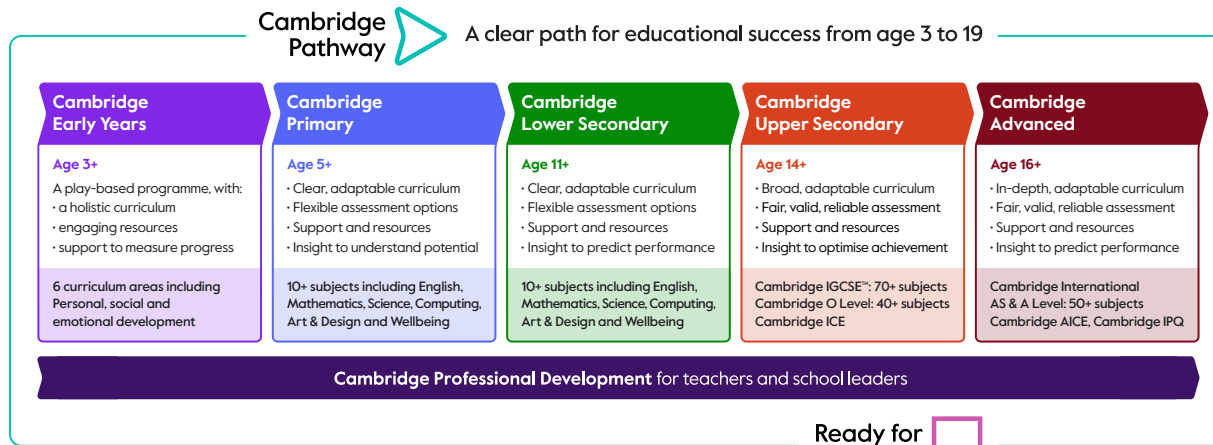

## 10. Ready for the world

With recognised qualifications, high-quality resources, comprehensive support and valuable insights, we help schools prepare every student for the opportunities and challenges ahead. Together, we help your child be ready for the world.
