

**Do you have what it takes to be
a teacher trainer?**

**Georgina Orton
Training Services
Manager**

Dubai, December 2015

How many
training events
did we deliver
August 2014 –
July 2015?

How many
teachers
attended our
training events?

In how many
countries did
we deliver
training last
year?

The training year runs from August to July.

- We successfully delivered **1,089** training events in 2014-15
- in **50** countries
- reaching **9,817** Cambridge teachers.

Excellent training. I feel very confident and excited!

I have been moulded into a confident teacher with 21st century skills.

Lots of great, accessible ideas.

I enjoyed the training. The activities inspired me and I can't wait to begin in the new year!

It was a very interesting and challenging course. The trainer was very helpful and resourceful. She answered all questions and made us achieve feats that we didn't know we could achieve.

The training was great. Our instructor was very thorough and made the two days worthwhile.

94% of teachers are satisfied with their training experience

Professional development

- What good or bad experiences have you had of training & PD?
- Activity 1
- Note down your individual PD experiences
- Activity 2
- As a group, rank your gold, silver and bronze medal training experiences... and your three horror stories!

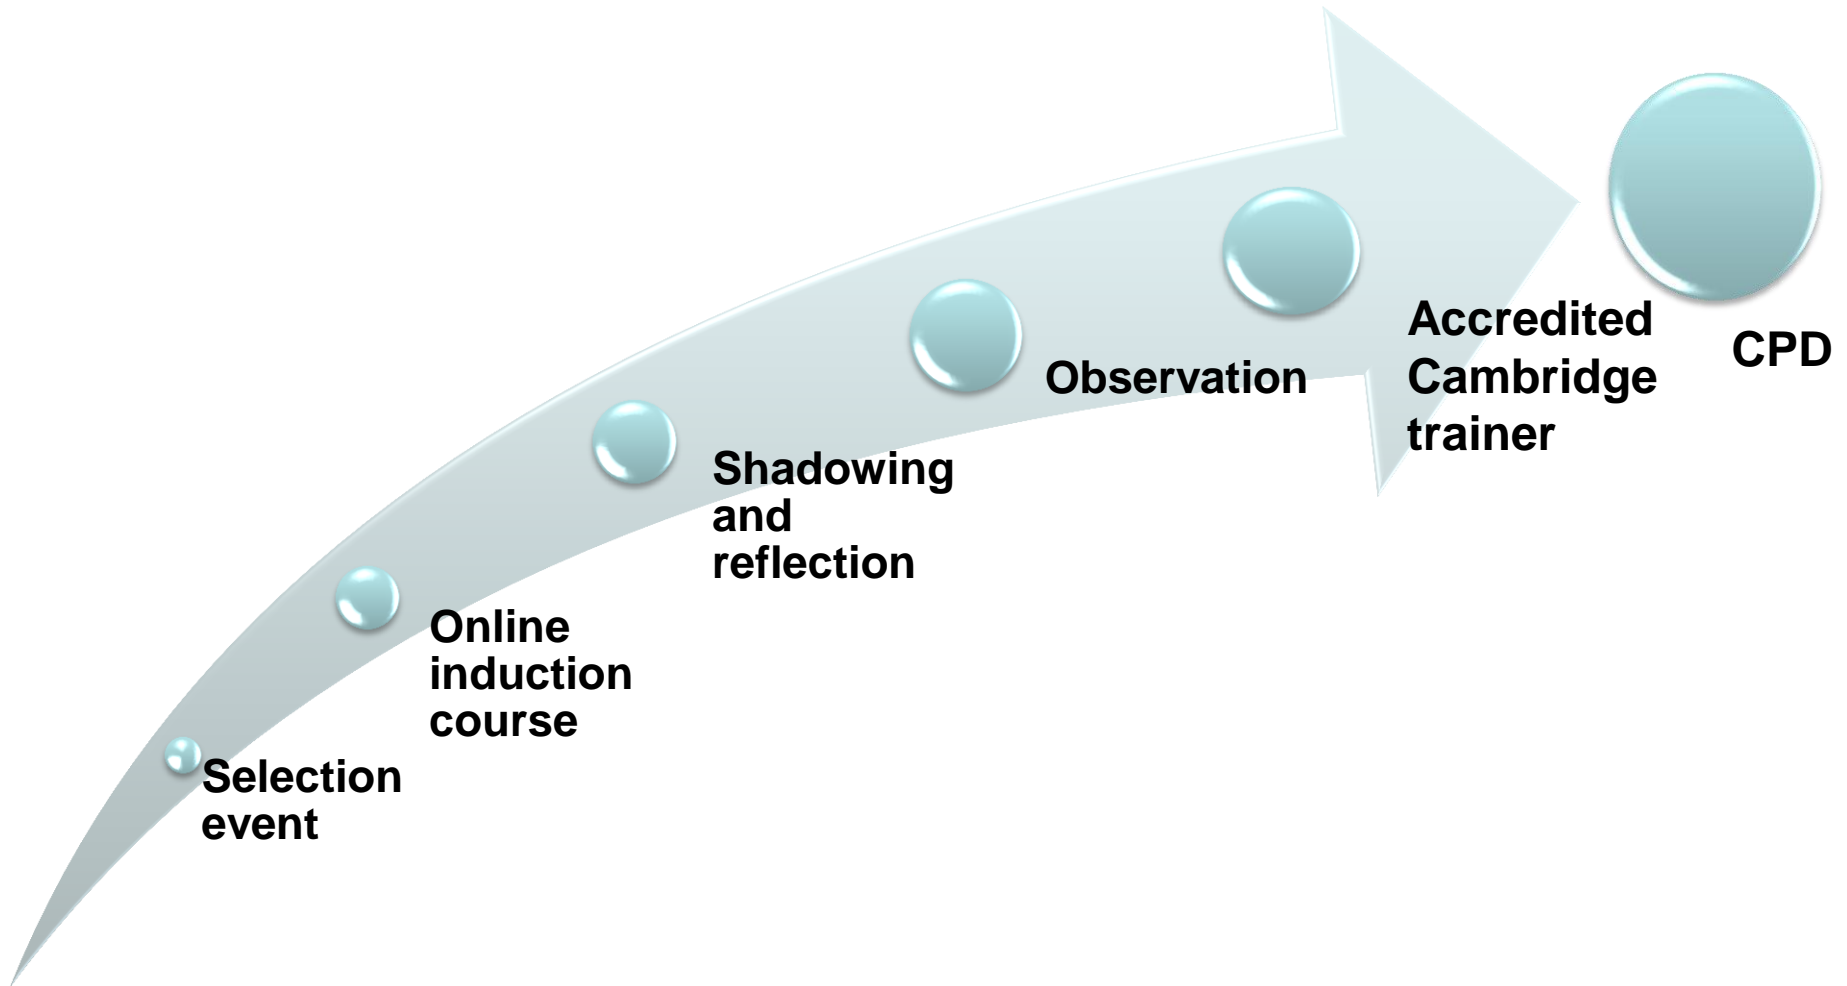

Professional development

- What good or bad experiences have you had of training & PD?

Trainer accreditation pathway

We prepare school students for life,
helping them develop an informed
curiosity and a lasting passion for
learning.

Cambridge International Examinations

What's the answer?

- One of the most usual questions during a seminar like this is “If there is such-and-such question, what answer will get full marks?”
- We will not answer this question! But . . .
- The best chemistry will always get full marks!
- Mark schemes will change each year.
- We must encourage teaching of best chemistry, not teaching of mark schemes.

Benefits of accreditation

For you, for schools, for us:

- Professional development
- Quality assurance
- Good for CV
- Status with participants
- Opens new doors

“Everywhere I have travelled to deliver training has been a truly great experience. The delegates are invariably charming, positive and inordinately supportive. To be a part of this is a gift and the memories will stay with me for a very long time.”

Isobel Bottomley

“I enjoy training for Cambridge, because the teachers are so enthusiastic, passionate and committed.

Understanding the value of education in countries from Pakistan to New Zealand is fascinating, and makes you reflect on your practice and your own education system.” **Dr Mark Winterbottom**
