| Changes to syllabus                        | From 2017  
This syllabus will remain unchanged for examination across a three-year period, and is for examination from March 2017.                                                                                   |
|                                            | From 2019  
This document has a new design. The subject content remains the same. Minor changes to the wording of some sections have been made to improve clarity.                                               |
| Changes to assessment                      | From 2019  
Pre-release material  
The information about the availability of pre-release material has been updated.                                                                                                                   |
| (including changes to specimen papers)     | The pre-release material for Paper 2 Problem-solving and Programming is made available to Centres shortly after the estimated entries deadline for the June and November examinations. For the March examination it will be made available to Centres shortly after the 0478 Computer Science final entries deadline. The pre-release material is also reproduced in the question paper. |
| Changes to availability                    | From 2019  
IGCSE Computer Science is examined in the June and November examination series.                                                                                                                        |
|                                            | This syllabus is also available for examination in the March examination series for India only.                                                                                                           |
| Publishers’ endorsed resources             | Any textbooks endorsed to support the syllabus for examination from 2015 are still suitable for use with this syllabus.                                                                                       |

We have updated the specimen materials for this syllabus.

Please check the updated syllabus for further information.

The syllabus has been updated. You are strongly advised to read the whole syllabus before planning your teaching programme.
