This guide is for exams officers responsible for administering Cambridge ICT Starters exams and submitting entries and samples of work. It provides detailed guidance on all the administrative tasks and activities exams officers need to carry out during the Cambridge ICT Starters exam series. This guide must be used with the *Cambridge Handbook* and ICT Starters support materials published in the 'Support Materials' section of *Cambridge International Direct*, known as Direct for short.

This guide covers **Cambridge ICT Starters**. ICT stands for Information and Communications Technology.

We reserve the right to amend or vary the information in this guide at any time. We will tell you about any changes straightaway. The changes will take immediate effect unless otherwise stated.

Cambridge ICT Starters introduces learners, typically aged 5 to 14 years, to the key ICT applications they need to achieve computer literacy and to understand the impact of technology on our daily lives.

The syllabus provides a curriculum framework in which ICT competence can be developed. Modules can be delivered according to the needs of each learning situation and age of the learners – across the curriculum or as a separate course of study.

Students will develop key ICT skills in a range of applications including: word processing, computer graphics, databases, spreadsheets, email, internet, presentations, video/animation and web authoring. Cambridge ICT Starters has been mapped against prescribed ICT standards in a number of countries, so that the skills and knowledge assessed reflect the competencies demanded internationally.

### Important information

You must follow the deadlines and processes in this guide but you also need to read and understand the *Cambridge Handbook*. It sets out the regulations for all Cambridge tests, exams and assessments, and forms part of our customers’ contract with us. The regulations you need to follow are highlighted in the *Cambridge Handbook* by the following icon: 🔄

The *Cambridge Handbook* is available from the 'Exam administration' section of our website at [www.cambridgeinternational.org/examsofficersguide](http://www.cambridgeinternational.org/examsofficersguide)
To make it easier for you to find the information you need quickly we have developed a set of icons especially for exams officers.

There are many different activities that need to take place to successfully deliver an exam. Sometimes, it can be challenging to remember what needs to happen when. Our processes are grouped into six different phases to help you keep track of what you need to do when. We call this the ‘Cambridge Exams Cycle’.

The cycle includes every phase of the process from the planning and preparation that takes place before you enter your candidates, to giving your candidates their certificates. The cycle has six phases:

1. Preparation
2. Entries
3. Coursework and moderation
4. Before the exams
5. Exam day
6. Results and certificates

All our support for exams officers is structured around this exams cycle, so at a glance you can see which phase of the cycle the communication relates to – helping you prioritise and manage your workload.

1.2 Cambridge ICT Starters overview

1.2.1 The assessment model
Cambridge ICT Starters follows a modular assessment model, where each module is assessed separately. Assessments are administered and marked by teachers. Samples of work that candidates produce during the assessment are submitted to us for moderation. Candidates can take a module at any time over a maximum of three years, and build on their results until they complete all the modules needed to achieve either the Stage 1 or Full Award certificate.

1.2.2 Grading and certificates
For Cambridge ICT Starters candidates are awarded Pass or Merit.

You will find full details in section 1.5. Certificates show whether the candidate has passed according to the qualification award rules.

1.2.3 Responsibilities
Your Head of Centre is responsible for making sure that the staff supervising candidates understand the regulations for teaching these qualifications. They must carry out the assessments and administration according to the instructions in this guide and the regulations in the Cambridge Handbook.

1.2.4 The Cambridge qualifications framework: qualification levels

1.3 Step-by-step guide to administering Cambridge ICT Starters

After centre registration is complete, we give you access to Direct and the School Support Hub. Centre selects question papers and resource files for each module. If you wish to change question papers and resource files, we must approve the changes. You must submit the proposed papers to us for approval at least eight weeks before the candidates are due to take the test.

Centre completes Learning Objectives Record sheet and keeps all required evidence in candidate portfolio. Candidate sits test.

Centre tutor marks test and awards grades. You must send:
- required number of samples
- required evidence for each candidate included in the sample for each module
- complete Learning Objectives Record sheets for each candidate in the sample.

Once all modules, either for Stage 1 or Full certificate, are complete, centre submits sample of work and electronic entry/results form for candidates who have been awarded Pass or Merit only.

Cambridge moderator moderates the sample. Grades confirmed by Cambridge moderator.

Grades not confirmed by Cambridge moderator. Centre re-assesses work and submits a new sample.

We despatch results list and certificates to centre.

2 Entries

Preparing and making entries

Overview

- Final entries tell us which candidates you want to enter and which modules they will take.
- You assign a Unique Candidate Identifier (UCI) to each of your candidates. The candidate must use this UCI for all Cambridge ICT Starters entries.
- We charge an entry fee per module per candidate.
- You must submit entries and samples of work at the same time.
- Check all information on the entry form is correct before submitting it. Submitting incorrect or incomplete entry information may result in candidates not receiving results by the published dates.

Important information

You must submit final entries at the same time as you submit the sample of work, by the dates listed in section 1.4 of this guide.

2.1 How to make entries

To make final entries download the 'ICT Starters Entry Form' template from the 'Support Materials' section of Direct and follow the instructions. Send it to info@cambridgeinternational.org for the attention of the Exam Processing Administrator.

2.2 What is a Unique Candidate Identifier (UCI)?

The UCI is a unique number that helps us identify each candidate. We use it to track module entries and results over several series.

A UCI is unique to a candidate and once issued must be submitted with every module entry made for that candidate.

The UCI is made up of the following characters:

- the centre number of the centre making the first module entry for a candidate (five characters)
- the year the UCI was allocated to the candidate, for example, 20 if the UCI was allocated in 2020 (two digits)
- the candidate number, which is a unique number allocated by the exams officer (four digits in the range 0001 to 9999)
- a check digit – one character which is automatically generated by the entry form when you have entered all the other characters. If you have any problems with the check digit contact Customer Services. Do not try and add your own check digit.

Example

<table>
<thead>
<tr>
<th>Centre number</th>
<th>Year</th>
<th>Candidate number</th>
<th>Check digit</th>
</tr>
</thead>
<tbody>
<tr>
<td>GB 999</td>
<td>20</td>
<td>25 69</td>
<td>X</td>
</tr>
</tbody>
</table>

The example candidate’s UCI would be GB999202569X.

Important information

- You must assign a 12-character Unique Candidate Identifier (UCI) to each candidate. Do not assign the same UCI to more than one candidate.
- The UCI that is issued to the candidate when their first entry is made is used for all of their future entries. Do not assign more than one UCI to the same candidate.
- If a candidate previously submitted an entry for Cambridge ICT Starters at another centre, you must use their original UCI allocated to them at that centre. Do not issue a new UCI to the candidate.
- Submit one entry file containing all your entries for all qualifications in the series. Any changes you make after submission will be treated as entry changes.
- The Head of Centre is responsible for making sure your final entries are accurate.
2.3 Language option codes
Cambridge ICT Starters is available in English and Spanish. Module entries must include a language code to indicate the language required. Available module option codes are:

- EN – English
- SP – Spanish

You must indicate your chosen language option on the entry form.

For the award of a Stage 1 or Full certificate, all modules must be taken in the same language.

2.4 Confirming entries
We will confirm your entries by the dates shown in section 1.4 of this guide. We do this by sending you printed copies of the documents listed below.

Statements of entry
Statements of entry show the candidate's details and the modules they are entered for. Give the statements to your candidates and ask them to check them carefully. Contact us straight away if any of their details are incorrect. If you need to make any changes to your entries email us with your centre number, the name and number of the candidates requiring changes and details of what you would like to change.

If the modules the candidate is entered for satisfy the award rules for the qualification, the statement of entry will show a code for the Stage 1 or Full award.

Candidate entry list
The candidate entry list is a summary of all your entries, listing each candidate, their modules and the language options they have been entered for.

Centre summary of entries
The centre summary of entries shows the total number of entries made for each module and language option.

2.5 Entry fees and entry withdrawals
Details of the fees for all our exams and methods of payment are in our fees list. We publish the fees list for the following year on 1 October in the ‘My Messages’ section of Direct.

We reserve the right to make changes to the fees list as required. Please check you are using the latest version.

2.6 Withdrawing a candidate
To withdraw a candidate email info@cambridgeinternational.org with the candidate name, number and module code.

We will usually only refund entry fees if you tell us about the withdrawal of a candidate before the entries deadline.

We will consider refund requests for candidates withdrawn after the entries deadline on medical grounds. Email any requests to info@cambridgeinternational.org

Refer to regulations in section 2.4.1 of the >Cambridge Handbook for more information.
3 Coursework and moderation

Centre-assessed modules

Overview

- At the end of each module, teachers assess candidates using an assessment activity that is available from the ‘Support Materials’ section of Direct.
- Teachers must complete a Learning Objectives Record (LOR) sheet for each candidate. They must sign and date each objective before the candidate’s work is submitted.
- Teachers determine the grade for each module.
- It is important that entry information for each candidate who has received a Pass or Merit is submitted at the same time as the sample of work.
- We moderate the results based on the samples of work we receive. If we agree with the grades awarded by the teacher, we issue certificates.

3.1 Submissions

Entries and samples of work should only be submitted to us for moderation if a candidate has achieved a Pass or Merit in all of the modules in a stage by the dates shown in section 1.4 of this guide.

3.2 The assessment model and submisions

Exam conditions

The exams must take place under supervised and controlled conditions. To meet with safe working practices when using display screen equipment, we recommend that candidates take short approved breaks from working at their screens (5–10 minutes every hour, if appropriate) without leaving the assessment room. Such breaks can naturally form part of the working pattern as students study the exam material. You are responsible for maintaining security during any break periods.

Portfolio

The teacher must collect and keep all required evidence for each candidate portfolio.

Module assessment

At the end of each module teachers must assess students using ‘Cambridge ICT Starters assessments’, which are available from the ‘Support Materials’ section of Direct. You must only use exam materials and assessments that we have approved.

For each candidate, the teacher awards the grade of Pass, Merit or Fail in each module. A Pass should be awarded to candidates who successfully demonstrate all the ‘Pass’ learning objectives for the module. A Merit should be awarded to candidates who successfully demonstrate all the ‘Pass’ learning objectives and all the ‘Merit’ objectives. Do not submit entries and samples of work for candidates who fail one or more modules. Candidates who fail should be given the opportunity to resit after a further period of study.

Learning Objectives Record sheet

The teacher completes a Learning Objectives Record (LOR) sheet for each candidate. Copies of the LOR sheet are provided in the syllabus and in the ‘Support Materials’ section of Direct. The LOR sheet must be signed and dated as indicated on the form. The evidence for each candidate in the sample must include the evidence produced in the assessment activity and the completed LOR sheet. Teachers must sign and date each objective on the LOR sheets before they send the samples to us for moderation. We will return any samples sent with incomplete or incorrect LOR sheets. The grade awarded by the tutor must be on the LOR sheet for each candidate in the sample.

Submission

When a group of candidates achieve a Pass or Merit for all modules in either Stage 1 or Stage 2, submit the candidate entry information and a sample of work to us for moderation.

Submit your entries and centre-assessed module grades using the ‘ICT Starters Entry Form 2020’. You can download it from the ‘Support Materials’
section of Direct. Instructions are on the form. Send a completed electronic copy of the form to info@cambridgeinternational.org for the attention of the Exam Processing Administrator.

Sample

Please submit a copy of all assessment materials, including all work produced by students during the exam, as well as the teacher’s model answers with the sample. If more than one teacher was involved in assessing the work, the sample must include, in equal number, candidates assessed by all teachers. Label each portfolio with the candidate’s name, centre name, centre number and module details.

The sample must contain all the work of all the candidates in the sample. This means all modules for each candidate at either Stage 1 or Stage 2. The sample must cover all the modules the candidates were entered for and include a range of Pass and Merit work. If you submit samples for more than one level, please treat each level as a separate sample. Use the table below to work out how many candidates you need to include in the sample.

<table>

We cannot issue certificates if you do not send the LOR sheets and sufficient samples for moderation. Candidates must repeat any assessments that are lost.

Send your samples using a method that provides a tracking facility (i.e. a reputable courier) to:

Cambridge Assessment International Education
Cambridge Assessment DC10
Hill Farm Road
Whittlesford
Cambridge
CB22 4FZ
United Kingdom

Complete and submit Coursework and Moderation – Form 7 as soon as you send your samples to us for moderation. This form will allow us to track your samples. Please follow the instructions on the form.

Moderation

If the Cambridge moderator agrees with the module grades awarded by the teacher, we will issue results and certificates on the dates listed in the section 1.4 of this guide.

If the moderator disagrees with the module grades awarded by the teacher, the moderator may ask for the work to be re-assessed and a new sample submitted for moderation. This may delay the issue of results and certificates.

Important information

Only submit entries and samples for candidates who achieved a Pass or Merit in all of the modules in a stage.

Malpractice

Malpractice is any action that breaks our regulations and potentially threatens the integrity of our exams and certification. Malpractice can happen before, during or after timetabled exams or other assessments.

Malpractice can be:

- intentional and aim to give an unfair advantage in an exam or assessment
- caused by people being careless, forgetful or unaware of our regulations
- beyond anyone’s control and be a result of circumstance.

A variety of people could be involved in malpractice, for example:

- candidates
- centre staff, for example, exams officers, teachers, invigilators, management, consultants and people who help with access arrangements
- other people, for example, the candidates’ relatives or friends.

The Head of Centre must:

- make sure candidates and centre staff know their individual responsibilities as set out in our regulations
- tell us straight away about any potential malpractice you become aware of or that is reported to you.

See section 5.6 of the *Cambridge Handbook* for our full Malpractice regulations.
6 Results and certificates

6.1 Understanding and preparing for results

Overview

- Read this section to prepare for the release of results. It sets out everything you need to know so you can make sure that your candidates get their results and that you can answer their queries.
- We release electronic results online through Direct and follow them up with a printed results and certificates despatch. You can issue the results to candidates as soon as you receive them.

Important dates

For Cambridge ICT Starters we aim to issue results on Direct by the dates in section 1.4 of this guide. These dates may be later if the moderator asks for extra samples of work or if we have to return the samples for re-assessment. We send you the results documents listed in section 6.1.1 approximately 10 days after results are released online.

Important information

- To view your results online, go to the ‘Results’ area of Direct, which you can access through the ‘Administer exams’ dashboard.
- We do not issue individual statements of results for Cambridge ICT Starters.

6.1.1 Results documents

Results by syllabus: For centre staff
This is a list of all your candidates’ results by syllabus.

We do not give you a profile of the marks each candidate achieved in each module or the module grade boundaries.

Reports on the exam
See section 6.1.5 for details.

Certificates: For candidates
See section 6.2 for details.

6.1.2 Checking and issuing results

We send your results by courier unless you tell us otherwise.

When you receive them, please check you have all the right documents. If you are missing any please contact Customer Services straight away.

6.1.3 How module grades are reported

For Cambridge ICT Starters the module results are Pass and Merit.

For each qualification, ‘NO RESULT’ appears under the certificate code if the moderator decides that the candidate has failed the module.

For each qualification, ‘PENDING’ shows that we cannot issue the result because of an ongoing malpractice case.

6.1.4 How to report errors on results documents

Please let us know straight away if the centre name or a candidate name is incorrect on your results documents, including certificates.

Please see section 6.2.3 of this guide for more information.

6.1.5 Reports on the exam

We produce reports on the exam once the marking and moderation for an exam series is complete. We publish a report for each module. The reports are written by principal examiners and moderators, and give an overview of how all the candidates performed. They normally give:

- guidance on what the examiners were looking for
- comments on areas of the syllabus that were done well or badly
- comments on any evidence of problems with exam technique
- examples to illustrate points made.

We send the reports in your results despatch.
6.2 Certificates

Overview
Candidates who have achieved a Pass or better in all of the modules detailed in the award rules receive a Stage 1 or Full certificate.

Important dates
- Certificates are sent with your results documents approximately 10 days after electronic results are released on Direct.

6.2.1 How Stage 1 and Full awards are calculated and reported

**Administrative forms**

Form available at www.cambridgeinternational.org/forms

- Replacement Statement of Results/Certificate Application: Results and Certificates – Form 12

**6.2.4 Can a candidate or centre ask for other information on a certificate to be changed?**

A certificate is a permanent record of the candidate’s achievement. We cannot change a candidate’s name to reflect any changes that take place after they take their exam, for example changing their name because they have adopted a parent’s name.

We issue a separate certificate for each exam series. We cannot combine grades achieved in different series or at different centres (in the same series) onto one certificate.

We cannot delete any grades or syllabuses from a certificate.

**6.2.5 Damaged or lost certificates**

We will not replace certificates that have been lost. If a candidate loses their certificate they can apply for a certifying statement. See section 6.3 of this guide for details. We can agree to replace candidates’ damaged certificates as long as we have satisfactory proof of their identity. This service is available within 18 months of the date we issued the original certificate. You must return the damaged certificate with Results and Certificates – Form 12 before we can replace it. We charge a fee per certificate and costs to send the certificate by courier.
6.3 Certifying statements and verification of results

A certifying statement is an official document that shows a candidate’s grades in a particular series. Certifying statements are fully endorsed by the Vice Chancellor of the University of Cambridge. Educational institutions and employers accept them as a legitimate record of results. For information on how to apply for certifying statements see section 6.5 of the >Cambridge Handbook.

We can only send certifying statements once we have issued the certificate for that series.

We also offer a results verification service if a third party, such as an employer or university, wants to verify a candidate’s results. For information on how to apply see section 6.6 of the >Cambridge Handbook.
