1. Introduction

1.1 Why choose Cambridge International?

Cambridge Assessment International Education prepares school students for life, helping them develop an informed curiosity and a lasting passion for learning. We are part of the University of Cambridge.

Our Cambridge Pathway gives students a clear path for educational success from age 5 to 19. Schools can shape the curriculum around how they want students to learn – with a wide range of subjects and flexible ways to offer them. It helps students discover new abilities and a wider world, and gives them the skills they need for life, so they can achieve at school, university and work.

Our programmes and qualifications set the global standard for international education. They are created by subject experts, rooted in academic rigour and reflect the latest educational research. They provide a strong platform for students to progress from one stage to the next, and are well supported by teaching and learning resources.

Every year, nearly a million Cambridge learners from 10 000 schools in 160 countries prepare for their future with the Cambridge Pathway.

Cambridge learners

Our mission is to provide educational benefit through provision of international programmes and qualifications for school education and to be the world leader in this field. Together with schools, we develop Cambridge learners who are:

• confident in working with information and ideas – their own and those of others
• responsible for themselves, responsive to and respectful of others
• reflective as learners, developing their ability to learn
• innovative and equipped for new and future challenges
• engaged intellectually and socially, ready to make a difference.

Recognition

Our expertise in curriculum, teaching and learning, and assessment is the basis for the recognition of our programmes and qualifications around the world.

Cambridge O Level is internationally recognised by schools, universities and employers as equivalent in demand to Cambridge IGCSE™ (International General Certificate of Secondary Education). There are over 700 000 entries a year in nearly 70 countries. Learn more at www.cambridgeinternational.org/recognition

Support for teachers

A wide range of materials and resources is available to support teachers and learners in Cambridge schools. Resources suit a variety of teaching methods in different international contexts. Through subject discussion forums and training, teachers can access the expert advice they need for teaching our qualifications. More details can be found in Section 2 of this syllabus and at www.cambridgeinternational.org/teachers
Support for exams officers
Exams officers can trust in reliable, efficient administration of exams entries and excellent personal support from our customer services. Learn more at www.cambridgeinternational.org/examsofficers

Quality management
Cambridge International is committed to providing exceptional quality. In line with this commitment, our quality management system for the provision of international qualifications and education programmes for students aged 5 to 19 is independently certified as meeting the internationally recognised standard, ISO 9001:2015. Learn more at www.cambridgeinternational.org/ISO9001

1.2 Why choose Cambridge O Level?
Cambridge O Level is typically for 14 to 16 year olds and is an internationally recognised qualification. It has been designed especially for an international market and is sensitive to the needs of different countries. Cambridge O Level is designed for learners whose first language may not be English, and this is acknowledged throughout the examination process.

Our aim is to balance knowledge, understanding and skills in our programmes and qualifications to enable students to become effective learners and to provide a solid foundation for their continuing educational journey.

Through our professional development courses and our support materials for Cambridge O Levels, we provide the tools to enable teachers to prepare students to the best of their ability and work with us in the pursuit of excellence in education.

Cambridge O Levels are considered to be an excellent preparation for Cambridge International AS & A Levels, the Cambridge AICE (Advanced International Certificate of Education) Diploma, Cambridge Pre-U, and other education programmes, such as the US Advanced Placement program and the International Baccalaureate Diploma programme. Learn more about Cambridge O Levels at www.cambridgeinternational.org/olevel

Guided learning hours
Cambridge O Level syllabuses are designed on the assumption that learners have about 130 guided learning hours per subject over the duration of the course, but this is for guidance only. The number of hours required to gain the qualification may vary according to local curricular practice and the students’ prior experience of the subject.
1.3 Why choose Cambridge O Level Hinduism?

Cambridge O Level Hinduism is recognised by universities and employers as proof of knowledge and understanding.

The Cambridge O Level Hinduism syllabus enables learners to:

• develop their interest in, and enthusiasm for, a study of religion and its relation to the wider world
• develop their knowledge, skills and understanding of Hinduism by exploring the significance and impact of beliefs, teachings, ways of life and forms of expressing meaning
• develop an enquiring and reflective approach to the study of Hinduism
• enhance their spiritual and moral development, and contribute to their health and well being
• enhance their personal, social and cultural development and their understanding of different cultures locally, nationally and in the wider world.

The course looks at aspects of Hindu belief, worship, scripture, ethics, values and reformers. Learners build on this foundation to identify and explore some of the religious and ethical questions raised in the sacred texts of Hinduism. The syllabus will give learners an appreciation of one of the major religions of the world.

Prior learning

Candidates beginning this course are not expected to have studied Hinduism or Religious Studies previously.

Progression

Cambridge O Levels are general qualifications that enable candidates to progress either directly to employment, or to proceed to further qualifications.

Candidates who are awarded grades C to A* in Cambridge O Level Hinduism are well prepared to follow courses leading to Cambridge International AS and A Level Hinduism, Religious Studies, or the equivalent.

1.4 How can I find out more?

If you are already a Cambridge school

You can make entries for this qualification through your usual channels. If you have any questions, please contact us at info@cambridgeinternational.org

If you are not yet a Cambridge school

Learn about the benefits of becoming a Cambridge school at www.cambridgeinternational.org/startcambridge
Email us at info@cambridgeinternational.org to find out how your organisation can register to become a Cambridge school.
2. Teacher support

2.1 Support materials
You can go to our public website at www.cambridgeinternational.org/olevel to download current and future syllabuses together with specimen papers or past question papers, examiner reports and grade threshold tables from one series.

For teachers at registered Cambridge schools a range of additional support materials for specific syllabuses is available online from the School Support Hub. Go to www.cambridgeinternational.org/support (username and password required). If you do not have access, speak to the Teacher Support coordinator at your school.

2.2 Endorsed resources
We work with publishers who provide a range of resources for our syllabuses including print and digital materials. Resources endorsed by Cambridge International go through a detailed quality assurance process to make sure they provide a high level of support for teachers and learners.

We have resource lists which can be filtered to show all resources, or just those which are endorsed by Cambridge International. The resource lists include further suggestions for resources to support teaching. See www.cambridgeinternational.org/i-want-to/resource-centre for further information.

2.3 Training
We offer a range of support activities for teachers to ensure they have the relevant knowledge and skills to deliver our qualifications. See www.cambridgeinternational.org/events for further information.

**Availability**

This syllabus is examined in the November examination series.

This syllabus is available to private candidates.

Detailed timetables are available from [www.cambridgeinternational.org/timetables](http://www.cambridgeinternational.org/timetables)

All Cambridge schools are allocated to one of six administrative zones. Each zone has a specific timetable. From 2020 this syllabus is not available in all administrative zones. To find out about the availability visit the syllabus page at [www.cambridgeinternational.org/olevel](http://www.cambridgeinternational.org/olevel)

**Combining this with other syllabuses**

Candidates can combine this syllabus in an examination series with any other Cambridge International syllabus, except:

- syllabuses with the same title at the same level.

Please note that Cambridge O Level, Cambridge IGCSE and Cambridge IGCSE (9–1) syllabuses are at the same level.
5. Syllabus aims and assessment objectives

5.1 Syllabus aims

The aims of the syllabus are to:

- encourage learners to adopt an enquiring and reflective approach to the study of Hinduism
- help learners to explore Hindu beliefs, reflect on fundamental questions, engage with them intellectually and respond personally
- help learners develop their interest in and enthusiasm for the study of religion, and relate it to the wider world
- encourage learners to reflect on and develop their own values, opinions and attitudes in light of their learning.

5.2 Assessment objectives

AO1: Demonstrate knowledge and understanding of the main ideas, concepts and beliefs related to Hindu teachings and tradition

AO2: Use evidence, evaluation and reasoned argument to explain teachings, practices and issues in Hinduism, from differing viewpoints

Equality and inclusion

We have taken great care in the preparation of this syllabus and assessment materials to avoid bias of any kind. To comply with the UK Equality Act (2010), we have designed this qualification with the aim of avoiding direct and indirect discrimination.

The standard assessment arrangements may present unnecessary barriers for candidates with disabilities or learning difficulties. Arrangements can be put in place for these candidates to enable them to access the assessments and receive recognition of their attainment. Access arrangements will not be agreed if they give candidates an unfair advantage over others or if they compromise the standards being assessed.

Candidates who are unable to access the assessment of any component may be eligible to receive an award based on the parts of the assessment they have taken.

Information on access arrangements is in the Cambridge Handbook at www.cambridgeinternational.org/examsofficers

Language

This syllabus and the associated assessment materials are available in English only.

Making entries

Exams officers are responsible for submitting entries to Cambridge International. We encourage them to work closely with you to make sure they enter the right number of candidates for the right combination of syllabus components. Entry option codes and instructions for submitting entries are in the Cambridge Guide to Making Entries. Your exams officer has a copy of this guide.

Exam administration

To keep our exams secure, we produce question papers for different areas of the world, known as ‘administrative zones’. We allocate all Cambridge schools to one administrative zone determined by their location. Each zone has a specific timetable. Some of our syllabuses offer candidates different assessment options. An entry option code is used to identify the components the candidate will take relevant to the administrative zone and the available assessment options.

Retakes

Candidates can retake the whole qualification as many times as they want to. This is a linear qualification so candidates cannot re-sit individual components.

Grading and reporting

Cambridge O Level results are shown by one of the grades A*, A, B, C, D or E, indicating the standard achieved, A* being the highest and E the lowest. ‘Ungraded’ indicates that the candidate’s performance fell short of the standard required for grade E. ‘Ungraded’ will be reported on the statement of results but not on the certificate. The letters Q (result pending), X (no result) and Y (to be issued) may also appear on the statement of results but not on the certificate.
How students and teachers can use the grades

Assessment at Cambridge O Level has two purposes:

• to measure learning and achievement
  The assessment:
  – confirms achievement and performance in relation to the knowledge, understanding and skills specified in the syllabus, to the levels described in the grade descriptions.

• to show likely future success
  The outcomes:
  – help predict which students are well prepared for a particular course or career and/or which students are more likely to be successful
  – help students choose the most suitable course or career.
