Why revise qualifications?

We work closely with schools, universities and ministries to make sure our qualifications offer the best possible preparation for further study and employment. We review syllabuses on a regular basis so that the content is up to date, the assessment is appropriate and they remain highly regarded by universities and employers.

To help teachers plan ahead, we provide advance notice of changes to syllabuses at least a year before first teaching. We publish this guide twice a year, and it includes details about:

Revised syllabuses

Significant changes have been made to these syllabuses following our review process.

Updated syllabuses

New versions of published syllabuses have been amended with minor changes outside of our review process.

New syllabuses

New subjects or syllabuses that have new syllabus codes.

Withdrawn syllabuses

These syllabuses have been withdrawn. The relevant syllabus page on our website will indicate if there is an alternative syllabus available, for example if a syllabus is being replaced by one with a new code.

Changes to availability

Syllabuses that have been added to or withdrawn from an Administrative Zone, or the series availability has changed within a Zone.

Other syllabus changes

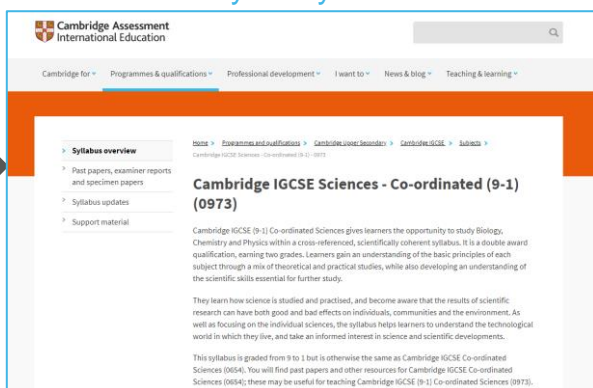

Syllabuses with changes other than those listed above. For example, changes to the design, regulatory status and the assessment materials.

Information about double carry-forward

We have clarified our policy for the carry forward mark for coursework in AS and A Level subjects. This clarification will be effective from the **November 2021** examinations. Further information on carry forward for AS level coursework components can be found in the updated syllabuses for the following qualifications:

- AS & A Level Global Perspectives & Research
- AS & A Level Media Studies
- AS & A Level Travel and Tourism
- AS & A Level Physical Education.

Please see the relevant syllabus for more information.

Modern Foreign Languages Listening Tests

We have updated information on Paper 1 Listening. Candidates will complete the question paper as they listen to the audio material and at the end of the test they will be asked to transfer their responses onto the separate answer sheet. We have updated the specimen paper, mark scheme, transcript and audio material to allow you to practice this with your candidates before the first examination.

Specimen Paper Updates

Some specimen papers have been updated for assessment from 2020. The specimen questions and mark schemes remain the same. The layout and wording on the front covers have been updated to make instructions clearer for candidates. Please see link below;

www.cambridgeinternational.org/exam-administration/cambridge-exams-officers-guide/phase-5-exam-day/question-paper-front-covers/ for details.

When a correction or update is made to a specimen paper, please see the syllabus update for more information.
