

# Routes to grades in the June 2021 exam series

This diagram shows the different routes to grades available in June 2021. We are providing flexible options that work for as many schools as possible, to keep people safe and help students progress. If it is safe to run exams in your school and your candidates are able to **complete all components**, you should run the June 2021 series as normal. If this is not possible, you may wish to use another route to grades as shown below.

If your school works with us through a Cambridge Associate or the British Council, you should apply through them. Private candidates need to apply for exemptions through their test centre.
