Routes to grades in the March 2021 exam series

This diagram shows the different routes to grades available in March 2021. We are providing flexible options that work for as many schools as possible, to keep people safe and help students progress. If it is safe to run exams in your school and your candidates are able to complete all components, you should run the March 2021 series as normal. If this is not possible, you may wish to use another route to grades as shown below.
