

Pre-exam despatch guide (International)

June series

Your pre-exam despatch contains most of the materials you will need for the June exam series: exam stationery, key administrative documents, despatch labels and script packets. By early April, you will also receive a despatch containing your confidential question papers.

What materials are in this despatch and what do I do with them?

Your despatch contains a number of different items depending on the syllabuses and components you have made entries for. The 'At-a-glance table' over the page lists all the items, along with a brief description of how to use them and the approximate number of copies you should have.

What do I do now?

- Carefully check the contents of the despatch. If you are missing any items or need more copies please contact us (or your Cambridge Associate) as soon as possible. Remember, the materials in your despatch are based on your final entries. You will receive materials you need for any late entry amendments or retake entries separately.
- Submit your forecast grades by 30 April using Direct.
- If you are an Associate Centre, submit marks to your Cambridge Associate.
- Label each piece of work in your sample using the enclosed identification labels.
- You need to send us marks and samples for your internally assessed components. Use our samples database (www.cambridgeinternational.org/samples) to check the requirements for specific components, including selection method and submission dates. Once you have done this:
 - Submit your marks using Direct by 30 April.
 - If you are an Associate Centre, submit marks to your Cambridge Associate.
 - Label each piece of work in your sample using the enclosed identification labels
 - Place the samples for different components in separate script return packets. Each packet must include a copy of your Direct internal marks report and the relevant forms. The forms are available from the samples database. Attach the correct bar-coded label to each packet.

- Place your packets in an outer package. You can place packets for different internally assessed components in the same outer package. Stick the enclosed address labels to each outer package.
- Send your samples using a method that provides a tracking facility (e.g. a courier) by 30 April. If you are an Associate Centre, return samples to your Cambridge Associate by the agreed date. Keep a record of your courier details.

- Before the start of the exam period, display the 'Notice to Candidates' and 'Candidate Warning' posters outside and inside your exam rooms.
- All the other materials are for use in the exam room. Store them safely until the day of the exam and make sure your invigilators know what each item is for.

Important information

Return all scripts immediately after each exam. If this is not possible send them at the end of each exam week. Keep scripts in a secure place before you despatch them. As a precaution do not send scripts for all the components of the same syllabus in the same outer package. Go to our website at www.cambridgeinternational.org/scriptreturn for detailed guidance.
