1 Why choose this syllabus?

Key benefits

Cambridge IGCSE is the world’s most popular international qualification for 14 to 16 year olds, although it can be taken by students of other ages. It is tried, tested and trusted.

Students can choose from 70 subjects in any combination – it is taught by over 4500 schools in over 140 countries.

Our programmes balance a thorough knowledge and understanding of a subject and help to develop the skills learners need for their next steps in education or employment.

Cambridge IGCSE Swahili encourages learners to develop their use of the language for the purpose of practical communication. The syllabus provides opportunities for learners to consolidate their language skills and extend their language range and expression through working with a variety of materials and contemporary resources. The syllabus is designed to equip learners with the essential skills and language required for further study or employment using Swahili.

Our approach in Cambridge IGCSE Swahili encourages learners to be:

confident, understanding and communicating effectively in a range of situations

responsible, through developing language skills to express ideas

reflective, developing an awareness of how to use language effectively for communication

innovative, experimenting with language and applying their skills in different situations

engaged, taking an active interest in the ways language is used.

School feedback: ‘The strength of Cambridge IGCSE qualifications is internationally recognised and has provided an international pathway for our students to continue their studies around the world.’

Feedback from: Gary Tan, Head of Schools and CEO, Raffles International Group of Schools, Indonesia
International recognition and acceptance

Our expertise in curriculum, teaching and learning, and assessment is the basis for the recognition of our programmes and qualifications around the world. The combination of knowledge and skills in Cambridge IGCSE Swahili gives learners a solid foundation for further study. Candidates who achieve grades A* to C are well prepared to follow a wide range of courses including Cambridge International AS & A Level.

Cambridge IGCSEs are accepted and valued by leading universities and employers around the world as evidence of academic achievement. Many universities require a combination of Cambridge International AS & A Levels and Cambridge IGCSEs or equivalent to meet their entry requirements.

UK NARIC*, the national agency in the UK for the recognition and comparison of international qualifications and skills, has carried out an independent benchmarking study of Cambridge IGCSE and found it to be comparable to the standard of the GCSE in the UK. This means students can be confident that their Cambridge IGCSE qualifications are accepted as equivalent to UK GCSEs by leading universities worldwide.

* Due to the United Kingdom leaving the European Union, the UK NARIC national recognition agency function was re-titled as UK ENIC on 1 March 2021, operated and managed by Ecctis Limited. From 1 March 2021, international benchmarking findings are published under the Ecctis name.

2 Syllabus overview

Aims
The aims describe the purposes of a course based on this syllabus.

The aims are to:
• develop the ability to use Swahili effectively for the purpose of practical communication
• form a sound base for the skills required for further study or employment using Swahili as the medium
• develop an awareness of the nature of language and language-learning skills
• encourage learners to expand their vocabulary in Swahili
• promote learners’ personal development.
Content overview

Cambridge IGCSE Swahili offers learners the opportunity to develop practical communication skills in listening, speaking, reading and writing. In both written and spoken Swahili, learners will be able to follow factual information as well as abstract ideas, select relevant details, and understand what is directly stated or implied.

Learners will be encouraged to respond effectively to a variety of stimuli. They will be able to express their viewpoints with a degree of accuracy and clarity, in spoken and written form, in order to meet the needs of the given purpose and target audience. This will enable learners to become independent users of Swahili in a range of contexts.
Assessment overview

All candidates take two components. Candidates will be eligible for grades A* to G.

Centres can choose to enter candidates for an optional third component: Component 3 Speaking. Component 3 is internally marked and externally moderated.

Marks for Component 3 do not contribute to the overall qualification grade: this component is separately endorsed. Where candidates perform to an appropriate standard, certificates record separately a grade of 1 (high) to 5 (low) for Speaking.

4 Details of the assessment

Paper 1 Reading and Writing

All questions and responses will be in Swahili.

Written paper, 2 hours, 60 marks

Candidates should attempt all questions.

For all parts of this paper, candidates write their answers in spaces provided in a question paper booklet. Dictionaries may not be used in the examination.

The question paper has six exercises:

**Exercise 1** – Short answer questions: candidates read a short text printed in the question paper and answer a series of questions that test their skimming and gist-reading skills and require short answers of a single word or phrase. The text will be one of the following types: advertisement, brochure, leaflet, guide, report, manual, instructions, newspaper/magazine article.
Assessment objectives: R1, R2, R3, R4
Total marks: 8

**Exercise 2** – Multiple matching: candidates read a series of short paragraphs followed by a series of sentences, then match each sentence to one of the paragraphs.
Assessment objectives: R1, R2, R3
Total marks: 9

**Exercise 3** – Note-making: candidates read a longer text printed in the question paper and make brief notes under a number of supplied headings.
Assessment objectives: R1, R2, R3, R4
Total marks: 9

**Exercise 4** – Summary: candidates write a paragraph-length summary (of no more than 100 words) about an aspect or aspects of the text in exercise 3. Candidates should use their own words as far as possible.
Assessment objectives: R2, R3, W1, W2, W3, W4, W5
Total marks: 10

**Exercise 5** – Writing exercise: candidates write a short piece of functional prose such as an email, of approximately 120 words. A stimulus of short prompts and/or pictures will be printed in the question paper. A purpose, format and audience for the writing will be specified.
Assessment objectives: W1, W2, W3, W4, W5
Total marks: 8

**Exercise 6** – Extended writing exercise: candidates write a longer piece of continuous prose, of approximately 200 words. A stimulus of short prompts will be printed in the question paper. A purpose, format and audience for the writing will be specified.
Assessment objectives: W1, W2, W3, W4, W5
Total marks: 16
Paper 2 Listening

All questions and responses will be in Swahili.

Written paper, approximately 35–45 minutes, 30 marks

Candidates should attempt all questions.

For all parts of this paper, candidates write their answers in spaces provided in a question paper booklet. Dictionaries may not be used in the examination.

Each exercise tests listening comprehension of spoken material (e.g. dialogues, interviews, conversations, news items, public announcements, talks) recorded onto audio material that will be played in the examination room. Candidates hear the spoken material for each exercise twice and appropriate pauses are included on the recording to allow candidates time to read the questions and write their answers.

The audio material is controlled by the invigilator of the examination, not the candidate(s). Teachers/invigilators should consult the relevant sections of the Cambridge Handbook for details about room, equipment, checking the audio material in advance and guidance on ensuring that candidates can hear the recording clearly.

The question paper has four exercises:

**Exercise 1** – Short answer questions: candidates hear a series of short spoken texts (e.g. travel announcement, recorded phone message, brief dialogue) and write short answers in response to eight questions.
assessment objectives: L1, L2
Total marks: 8

**Exercise 2** – Gap-fill sentences: candidates hear a longer spoken text (e.g. conversation, interview, monologue, formal talk) and complete gaps in notes/sentences printed in the question paper.
assessment objectives: L1, L2
Total marks: 8

**Exercise 3** – Multiple matching: candidates hear six short extracts and match each speaker to appropriate content.
assessment objectives: L3, L4
Total marks: 6

**Exercise 4** – Multiple-choice questions: candidates hear a discussion between two speakers and answer multiple-choice comprehension questions.
assessment objectives: L1, L2, L3, L4
Total marks: 8
Component 3 Speaking (optional)

Speaking test, approximately 10–12 minutes, 60 marks

The Speaking test is an optional component and is separately endorsed with grades of 1 (high) to 5 (low). There is no question paper for the Speaking test. The test will be conducted and assessed in Swahili. The test must be recorded for all candidates.

Dictionaries may not be taken into the test.

Speaking tests take place during a period before the main examination series (see the timetable for the relevant series). A teacher/examiner at the centre assesses candidates using the Speaking assessment criteria grid (see page 19). After the tests, the centre must send the final marks, a recorded sample of the candidates’ performances and completed forms for external moderation to Cambridge International before the advertised deadline.

Administration of the Speaking test

Further information about the administration of speaking tests is provided in the Cambridge Handbook for the relevant year of assessment at www.cambridgeinternational.org/eoguide. The forms for completion, information, dates and methods of submission of the speaking test marks, and sample size requirements are available from www.cambridgeinternational.org/samples. Further guidance is supplied in the Guidance for the administration of the Speaking test document, which is also available from our website.

Internal moderation

If more than one teacher in your centre is marking internal assessments, you must make arrangements to moderate or standardise your teachers’ marking so that all candidates are assessed to a common standard. You can find further information on the process of internal moderation on the samples database at www.cambridgeinternational.org/samples

You should record the internally moderated marks for all candidates on the Working Mark Sheet and submit these marks to Cambridge International according to the instructions set out in the Cambridge Handbook for the relevant year of assessment.

External moderation

Cambridge International will externally moderate all internally assessed components.

- You must submit the marks of all candidates to Cambridge International.
- You must also submit the marked work of a sample of candidates to Cambridge International.

The sample you submit to Cambridge International should include examples of the marking of each teacher. The samples database at www.cambridgeinternational.org/samples explains how the sample will be selected.

The samples database at www.cambridgeinternational.org/samples provides details of how to submit the marks and work.

External moderators will produce a short report for each centre with feedback on your marking and administration of the assessment.
Structure of the Speaking test

There are three parts to the test:

**Part 1**
A two- to three-minute presentation by the candidate on a chosen topic.
The topic of the presentation should be chosen by the candidate and must reflect an aspect, or aspects, of life in a Swahili-speaking community or Swahili-speaking culture.

**Note:** A written copy of the presentation is **not** allowed.
Candidates may prepare a single ‘cue card’ in Swahili to bring into the examination room. This should be no larger than a postcard, and could contain a maximum of five headings to remind candidates of the points they wish to make. Candidates may also bring in a limited quantity of illustrative material (no more than three or four items), which may include maps, diagrams, statistics and pictures but must not provide additional written support for their presentation.

Assessment objectives: S1, S2, S3, S4, S5
20 marks
Teachers/examiners use Speaking assessment criteria – Part 1 Presentation.

**Part 2**
A three- to four-minute discussion with the examiner, using spontaneous questions about the presentation. The teacher/examiner should encourage full responses by giving candidates the opportunity to explain and justify their opinions. Candidates are expected to give natural replies to questions.

Assessment objectives: S1, S2, S3, S4, S5
20 marks
Teachers/examiners use Speaking assessment criteria – Part 2 Topic conversation.

**Part 3**
A three- to four-minute conversation with the teacher/examiner covering two or three general topics (see below). The teacher/examiner should encourage full responses by giving candidates the opportunity to explain and justify their opinions. Candidates are expected to give natural replies to questions.

Assessment objectives: S1, S2, S3, S4, S5
20 marks
Teachers/examiners use Speaking assessment criteria – Part 3 General conversation.
Topics for Part 3 of the Speaking test

At least two topics will be covered in the general conversation: one from Areas A–B and one from Areas C–E. The candidate will not know in advance which topics will be covered by the teacher/examiner.

Topics must be chosen that do not overlap with the content of the candidate’s presentation.

### Speaking assessment criteria grid

**Guidance for examiners**

You must award marks positively. In order to ensure that you reward what a candidate can do rather than penalise mistakes or omissions examiners should start at the bottom of the mark scheme and work upwards through the descriptors when awarding marks.

You should adopt a ‘best-fit’ approach for each of the assessment criteria. You must select the set of descriptors provided in the mark scheme that most closely describes the quality of the work being marked. As you work upwards through the mark scheme, you will eventually arrive at a set of descriptors that fits the candidate’s performance. When you reach this point, check the descriptors in the level above to confirm whether or not there is just enough evidence to award a mark in the higher level.

To select the most appropriate mark within each set of descriptors, you should use the following guidance:

- If most of the descriptors fit the work, then award the top mark in the level.
- If there is just enough evidence (and you had perhaps been considering the level below), then the lowest mark in the level will be awarded.

5 What else you need to know

This section is an overview of other information you need to know about this syllabus. It will help to share the administrative information with your exams officer so they know when you will need their support. Find more information about our administrative processes at www.cambridgeinternational.org/eoguide

Before you start

Previous study

We recommend that learners starting this course should have had prior contact with Swahili at school and/or in their community.

Guided learning hours

We design Cambridge IGCSE syllabuses to require about 130 guided learning hours for each subject. This is for guidance only. The number of hours a learner needs to achieve the qualification may vary according to each school and the learners’ previous experience of the subject.

Availability and timetables

All Cambridge schools are allocated to one of six administrative zones. Each zone has a specific timetable.

This syllabus is not available in all administrative zones. To find out about availability check the syllabus page at www.cambridgeinternational.org/0262

You can view the timetable for your administrative zone at www.cambridgeinternational.org/timetables

You can enter candidates in the June exam series.

Check you are using the syllabus for the year the candidate is taking the exam.

Private candidates can enter for this syllabus. Component 3 Speaking is not available to private candidates. For more information, please refer to the Cambridge Guide to Making Entries.

Combining with other syllabuses

Candidates can take this syllabus alongside other Cambridge International syllabuses in a single exam series. The only exceptions are:

- syllabuses with the same title at the same level.

Cambridge IGCSE, Cambridge IGCSE (9–1) and Cambridge O Level syllabuses are at the same level.

Group awards: Cambridge ICE

Cambridge ICE (International Certificate of Education) is a group award for Cambridge IGCSE. It allows schools to offer a broad and balanced curriculum by recognising the achievements of learners who pass exams in a range of different subjects.

Learn more about Cambridge ICE at www.cambridgeinternational.org/cambridgeice
Making entries

Exams officers are responsible for submitting entries to Cambridge International. We encourage them to work closely with you to make sure they enter the right number of candidates for the right combination of syllabus components. Entry option codes and instructions for submitting entries are in the Cambridge Guide to Making Entries. Your exams officer has a copy of this guide.

Exam administration

To keep our exams secure, we produce question papers for different areas of the world, known as administrative zones. We allocate all Cambridge schools to an administrative zone determined by their location. Each zone has a specific timetable. Some of our syllabuses offer candidates different assessment options. An entry option code is used to identify the components the candidate will take relevant to the administrative zone and the available assessment options.

Support for exams officers

We know how important exams officers are to the successful running of exams. We provide them with the support they need to make your entries on time. Your exams officer will find this support, and guidance for all other phases of the Cambridge Exams Cycle, at www.cambridgeinternational.org/eoguide

Retakes

Candidates can retake the whole qualification as many times as they want to. This is a linear qualification so candidates cannot re-sit individual components. Information on retake entries is at www.cambridgeinternational.org/retakes

Language

This syllabus is available in English only. The assessment materials are in Swahili.

Accessibility and equality

Syllabus and assessment design

Cambridge International works to avoid direct or indirect discrimination. We develop and design syllabuses and assessment materials to maximise inclusivity for candidates of all national, cultural or social backgrounds and candidates with protected characteristics; these protected characteristics include special educational needs and disability, religion and belief, and characteristics related to gender and identity. In addition, the language and layout used are designed to make our materials as accessible as possible. This gives all candidates the fairest possible opportunity to demonstrate their knowledge, skills and understanding and helps to minimise the requirement to make reasonable adjustments during the assessment process.

Access arrangements

Access arrangements (including modified papers) are the principal way in which Cambridge International complies with our duty, as guided by the UK Equality Act (2010), to make ‘reasonable adjustments’ for candidates with special educational needs (SEN), disability, illness or injury. Where a candidate would otherwise be at a substantial disadvantage in comparison to a candidate with no SEN, disability, illness or injury, we may be able to agree pre-examination access arrangements. These arrangements help a candidate by minimising accessibility barriers and maximising their opportunity to demonstrate their knowledge, skills and understanding in an assessment.
Important:

- Requested access arrangements should be based on evidence of the candidate’s barrier to assessment and should also reflect their normal way of working at school; this is in line with the Cambridge Handbook www.cambridgeinternational.org/eoguide
- For Cambridge International to approve an access arrangement, we will need to agree that it constitutes a reasonable adjustment, involves reasonable cost and timeframe and does not affect the security and integrity of the assessment.
- Availability of access arrangements should be checked by centres at the start of the course. Details of our standard access arrangements and modified question papers are available in the Cambridge Handbook www.cambridgeinternational.org/eoguide
- Please contact us at the start of the course to find out if we are able to approve an arrangement that is not included in the list of standard access arrangements.
- Candidates who cannot access parts of the assessment may be able to receive an award based on the parts they have completed.
- Some access arrangements are not allowed in this syllabus because they affect the assessment objectives:
  - candidates are not allowed to use voice-activated software to dictate their written work
  - candidates are not allowed to use word processing technology which uses word prediction and/or phrase prompting
  - candidates are not allowed to use human readers.

After the exam

Grading and reporting

Grades A*, A, B, C, D, E, F or G indicate the standard a candidate achieved at Cambridge IGCSE.

A* is the highest and G is the lowest. ‘Ungraded’ means that the candidate’s performance did not meet the standard required for grade G. ‘Ungraded’ is reported on the statement of results but not on the certificate.

In specific circumstances your candidates may see one of the following letters on their statement of results:

- Q (PENDING)
- X (NO RESULT).

These letters do not appear on the certificate.

On the statement of results and certificates, Cambridge IGCSE is shown as INTERNATIONAL GENERAL CERTIFICATE OF SECONDARY EDUCATION (IGCSE).
How students and teachers can use the grades

Assessment at Cambridge IGCSE has two purposes:

1. to measure learning and achievement
   - The assessment confirms achievement and performance in relation to the knowledge, understanding and skills specified in the syllabus, to the levels described in the grade descriptions.

2. to show likely future success
   - The outcomes help predict which students are well prepared for a particular course or career and/or which students are more likely to be successful.
   - The outcomes help students choose the most suitable course or career.

Grade descriptions

Grade descriptions are provided to give an indication of the standards of achievement candidates awarded particular grades are likely to show. Weakness in one aspect of the examination may be balanced by a better performance in some other aspect.

Grade descriptions for Cambridge IGCSE Swahili were published after the first assessment of the syllabus in 2021.
Changes to this syllabus for 2025, 2026 and 2027

The syllabus has been updated. This is version 1, published September 2025.

There are no significant changes which affect teaching.

You must read the whole syllabus before planning your teaching programme. We review our syllabuses regularly to make sure they continue to meet the needs of our schools. In updating this syllabus, we have made it easier for teachers and students to understand, keeping the familiar features that teachers and schools value.
