

Entry guidance – moving to portfolio of evidence

This guide provides information about portfolio of evidence entry options and the components they include. The information will help you prepare for submitting evidence and may be useful if you need to request an enquiry about results.

If we move your centre to the portfolio of evidence route, we will amend your exam route entries to portfolio of evidence entry options on Direct. You do not need to submit any entry amendments to move your candidates from the exam route to the portfolio of evidence route.

You will need to review whether we have moved your candidates to the most appropriate portfolio of evidence entry option in the following situations:

- If you have candidates entered for the best of both route for Cambridge International AS & A Level.
- If you have candidates entered for Cambridge International AS & A Level Mathematics (9709) or Further Mathematics (9231) who intend to carry forward previous AS Level credit.

Find out more about carrying forward and portfolio of evidence in our 'Carrying forward within the portfolio of evidence' guide:

www.cambridgeinternational.org/portfolio-of-evidence

Once we have moved your candidate entries to portfolio of evidence, you will be able to see the updated entries on Direct.

Cambridge IGCSE and O Level

The portfolio of evidence entry options available for Cambridge IGCSE and O Level syllabuses are below.

Portfolio of evidence entry option	Portfolio of evidence component(s)
P1	Component 50
P2 (Speaking endorsement)	Component 50 Component 60 (speaking endorsement)

We will move all your Cambridge IGCSE and O Level exam entries to portfolio of evidence entry option P1. This applies regardless of:

- **tier of entry** – there are no separate core and extended options for portfolio of evidence
- **coursework option** – there are no separate coursework and alternative-to-coursework options for portfolio of evidence
- **carry forward** – there are no separate options to carry forward non-exam assessment for portfolio of evidence. No evidence can be carried forward from a previous series
- **administrative zone** – there are no separate administrative zones for portfolio of evidence.

The exceptions to this are certain Cambridge IGCSE English syllabuses with a speaking endorsement. This is included in option P2. These syllabuses are listed below.

- Cambridge IGCSE First Language English (Oral endorsement) (0500)
- Cambridge IGCSE English as a Second Language (Speaking endorsement) (0510)
- Cambridge IGCSE First Language English (US) (0524)
- Cambridge IGCSE (9–1) First Language English (0990)
- Cambridge IGCSE (9–1) English as a Second Language (Speaking Endorsement) (0993).

If your candidates were entered for the speaking endorsement on the exam route, then we will move them to the portfolio of evidence entry option with the speaking endorsement, P2. All other Cambridge IGCSE entries will be moved to P1.

The portfolio of evidence entry options available for most Cambridge International AS & A Level syllabuses are below.

P3 (Staged route A Level)	Component 80 – AS Level credit carried forward Component 60 – A2 Level

Syllabuses which are exceptions to this general guidance are listed in the section 'Cambridge International AS & A Level: Syllabuses with different portfolio of evidence option codes' in this guide. You should pay particular attention to this section, see right, if you have candidates entered for:

Find out more about carrying forward and portfolio of evidence in our 'Carrying forward within the portfolio of evidence' guide:

www.cambridgeinternational.org/portfolio-of-evidence

- **carry forward coursework options** – there are no separate options to carry forward non-examination assessment for portfolio of evidence. Only credit from a complete AS Level can be carried forward from a previous series.
- **practical options** – there are no separate options relating to different versions of the practical paper for Cambridge International AS & A Level Biology (9700), Chemistry (9701) and Physics (9702) for portfolio of evidence.
