

Cambridge IGCSE (9-1) candidate grades June 2025

Cumulative world totals grades 9 - 1

These figures may differ from previous June series. This is because there have been changes to the schools and countries that candidates have come from. Also, the awarding standard was adjusted from June 2020 to June 2022 in response to the Covid pandemic. The awarding standard returned to the pre-Covid standard in June 2023 and the same standard has been applied in June 2025.

We offer two different grade sets to report candidates' performance in a number of Cambridge IGCSE syllabuses for schools in administrative zone 3, and in UAE and Oman.

The 9-1 syllabuses and corresponding examinations included in this document are identical to their equivalent A*-G graded syllabuses.
