1 Why choose this syllabus?

Key benefits

Cambridge IGCSE is the world's most popular international qualification for 14 to 16 year olds, although it can be taken by students at any age. Taught by over 5000 schools in 150 countries, it is tried, tested and trusted.

Students can choose from 70 subjects in any combination, including 30 languages.

Our programmes promote a thorough knowledge and understanding of a subject and help to develop the skills learners need for their next steps in education or employment.

Cambridge IGCSE Malay helps candidates develop transferable skills for understanding and communicating in everyday situations in Malay. Learners begin to develop cultural awareness of countries and communities where Malay is spoken. They gain the essential linguistic skills required for progression to further studies or employment.

Our approach in Cambridge IGCSE Malay encourages learners to be:

confident, using new and familiar language to communicate with others in everyday situations

responsible, seeking opportunities to use and develop their language skills

reflective, considering how to communicate different ideas and attitudes

innovative, applying new and familiar language to a variety of everyday situations

engaged, developing learning strategies to help express their ideas and understanding.

School feedback: ‘The strength of Cambridge IGCSE qualifications is internationally recognised and has provided an international pathway for our students to continue their studies around the world.’

Feedback from: Gary Tan, Head of Schools and CEO, Raffles Group of Schools, Indonesia

Qualifications that are recognised and valued worldwide

Cambridge qualifications prepare and equip learners with the skills they need to thrive at university and beyond. The world's best higher education institutions recognise our qualifications and value the critical thinking skills, independent research abilities and deep subject knowledge that Cambridge learners bring.

We continually work with universities and colleges in every part of the world to ensure that they understand and accept our qualifications. Cambridge IGCSE provides a springboard to the Cambridge Advanced stage, as well as other post-16 routes. The combination of knowledge and skills in Cambridge IGCSE Malay gives learners a solid foundation for further study. Candidates who achieve grades A* to C are well prepared to follow a wide range of courses.

Many universities require a combination of Cambridge International AS & A Levels and Cambridge IGCSEs or equivalent to meet their entry requirements.

UK ENIC, the national agency in the UK for the recognition and comparison of international qualifications and skills, has carried out an independent benchmarking study of Cambridge IGCSE and found it to be comparable to the standard of the GCSE in the UK. This means students can be confident that their Cambridge IGCSE qualifications are accepted as equivalent to UK GCSEs by leading universities worldwide.

Cambridge IGCSE Malay has been designed to help candidates develop language proficiency to level A2 (Basic User) with some elements of proficiency at level B1 (Independent User) of the Common European Framework of Reference for Languages: Learning, Teaching, Assessment (CEFR).

Assessment objectives, subject content, mark schemes and task types have been designed with reference to the CEFR to ensure that candidates have opportunities to demonstrate proficiency at the intended levels.

We are an education organisation and politically neutral. The contents of this syllabus, examination papers and associated materials do not endorse any political view. We endeavour to treat all aspects of the exam process neutrally.

Content overview

The subject content is organised in five broad topic areas (A–E below). These provide contexts for the learning of vocabulary and the study of grammar and structures. A course based on this syllabus should provide learners with opportunities to develop and apply a wide range of foreign language skills.

Learners will read and understand a variety of written and spoken texts on familiar topics. They will demonstrate understanding of ideas, opinions and attitudes, as well as select and extract relevant details and deduce the meaning of occasional unknown words from context.

They will also have opportunities to write in Malay on familiar, everyday topics, and to speak the language by taking part in everyday conversations.

Paper 3 – Speaking

Approximately 10 minutes (plus 10 minutes of preparation time), 40 marks

Each speaking test lasts approximately 10 minutes, and is structured as follows:

- a warm-up section which is not assessed (approximately 30 seconds)
- one role play – candidates respond to five transactional questions to, for example, accomplish a task or obtain goods or services (approximately two minutes)
- two topic conversations – candidates respond to questions on each topic to share views, opinions and experiences (four minutes per topic conversation).

The speaking test must be conducted in Malay and all candidate responses must be in Malay.

Both the role play and the topic conversations are set in predictable, everyday contexts and are based on the topic areas outlined in the syllabus.

During the 10-minute preparation time, candidates read a role play scenario provided on a candidate card. Candidates are allowed to make notes and they must be supervised and under exam conditions. The notes must be handed to the teacher/examiner before the start of the test and stored securely until certificates are issued.

The tests are conducted and marked by the teacher/examiner using the speaking assessment materials and assessment criteria provided. They are moderated by Cambridge International.

Speaking tests take place before the main examination series (see the relevant series' timetable). Before the speaking test period, centres will receive materials for the test. Teachers/examiners must allow sufficient time to familiarise themselves with the materials and procedures (see the *Cambridge Handbook* for details).

Cambridge International supplies a teacher/examiner booklet comprising instructions, assessment criteria and teacher/examiner scripts for the role plays and topic conversations. Candidate cards containing the role play scenarios are also supplied. The teacher/examiner booklet is confidential and must not be made available to candidates either directly or indirectly at any point. The candidate cards are confidential and must not be viewed by candidates until the start of their 10 minutes of preparation time immediately prior to their speaking test.

The teacher/examiner allocates a role play and two topic conversations to each candidate according to a randomisation grid provided in the teacher/examiner booklet.

Administration of the speaking test

Further information about the administration of speaking tests is provided in the *Cambridge Handbook* for the relevant year of assessment. For copies of the forms required for the speaking test as well as information about the deadlines, sample size and methods of submission, please refer to the samples database at www.cambridgeinternational.org/samples

Using the samples database

The samples database refers you to key information about the administration of speaking tests.

Use the samples database to find out:

- when and how to submit your marks for the speaking tests
- when and how to submit the speaking tests
- which forms to complete and submit with the speaking tests.

The samples database at www.cambridgeinternational.org/samples will ask you for:

- the qualification type (e.g. Cambridge International AS & A Level, Cambridge IGCSE and O Level, Cambridge Checkpoint Global Perspectives)
- your country / territory
- the series (e.g. June, November)
- the syllabus code (i.e. 0546 for this syllabus).

The samples database will then take you to the information you need, including dates and methods of submission of candidates' marks and work, as well as any forms you may need to complete.

Cover sheets

You should upload a completed cover sheet with the samples you submit. Download the cover sheet from the samples database at www.cambridgeinternational.org/samples. Follow the instructions on the form to complete it.

Recording and submitting candidates' marks and speaking tests

Please refer to the samples database at www.cambridgeinternational.org/samples for information, dates and methods of submission of candidates' marks and speaking tests. You should follow the instructions for 0546/03 on the samples database.

You should record marks on the required form which you should download each year from the samples database at www.cambridgeinternational.org/samples. Follow the instructions on the form to complete it. The marks on this form must be identical to the marks you submit to Cambridge International.

Internal moderation

If more than one teacher in your centre is marking internal assessments, you must make arrangements to moderate or standardise your teachers' marking so that all candidates are assessed to a common standard. After work has been internally assessed, you must arrange for an internal moderation stage to check the marking of each teacher. This is to ensure that all marking within the centre is consistent. If only one teacher is marking internal assessments, no internal moderation is necessary. You can find further information on the process of internal moderation in the *Cambridge Handbook* and on the samples database for the relevant year of assessment.

You should record the internally moderated marks for all candidates on the required Working Mark Sheet and submit these marks to Cambridge International according to the instructions on the samples database at www.cambridgeinternational.org/samples

External moderation

Cambridge International will externally moderate all internally assessed components.

- You must submit the marks of all candidates to Cambridge International.
- You must also submit the marked speaking tests of a sample of candidates to Cambridge International.

The samples database at www.cambridgeinternational.org/samples provides details of how to submit the marks and speaking tests.

External moderators will produce a short report for each centre with feedback on your marking and administration of the assessment.

Guidance on using levels-based mark schemes

Marking of work should be positive, rewarding achievement where possible, but clearly differentiating across the whole range of marks, where appropriate.

The marker should look at / listen to the work and then make a judgement about which level statement is the best fit. In practice, work does not always match one level statement precisely so a judgement may need to be made between two or more level statements.

Once a best-fit level statement has been identified, use the following guidance to decide on a specific mark:

- If the candidate's work **convincingly** meets the level statement, award the highest mark.
- If the candidate's work **adequately** meets the level statement, award the most appropriate mark in the middle of the range (where middle marks are available).
- If the candidate's work **just** meets the level statement, award the lowest mark.

Vocabulary list

The full vocabulary list for this syllabus is available to download from our website, in the Syllabus overview section of the IGCSE Malay (0546) page here **www.cambridgeinternational.org/0546**

The vocabulary list provided is intended as a guide for teachers to assist in the planning of lessons and schemes of work. It is not intended to be prescriptive or exhaustive and the assessment tasks will require students to understand and respond to words (and/or forms of words) that are not on the list.

Although the skill of deduction is not directly tested, students should be taught the skill of deducing the meaning of unknown words from the context on familiar topics.

Vocabulary is listed under particular topic headings but should be considered transferable, as appropriate, to other topics.

5 What else you need to know

This section is an overview of other information you need to know about this syllabus. It will help to share the administrative information with your exams officer so they know when you will need their support. Find more information about our administrative processes at www.cambridgeinternational.org/eoguide

Before you start

Previous study

We recommend that learners starting this course should have studied a broad curriculum such as the Cambridge Lower Secondary programme or equivalent national educational framework.

Guided learning hours

We design Cambridge IGCSE syllabuses to require about 130 guided learning hours for each subject. This is for guidance only. The number of hours a learner needs to achieve the qualification may vary according to each school and the learners' previous experience of the subject.

Availability and timetables

All Cambridge schools are allocated to one of six administrative zones. Each zone has a specific timetable. Find your administrative zone at www.cambridgeinternational.org/adminzone

You can view the timetable for your administrative zone at www.cambridgeinternational.org/timetables

You can enter candidates in the June exam series.

Check you are using the syllabus for the year the candidate is taking the exam.

Private candidates can enter for this syllabus. For more information, please refer to the *Cambridge Guide to Making Entries*.

Combining with other syllabuses

Candidates can take this syllabus alongside other Cambridge International syllabuses in a single exam series. The only exceptions are:

- syllabuses with the same title at the same level.

Cambridge IGCSE, Cambridge IGCSE (9–1) and Cambridge O Level syllabuses are at the same level.

Group awards: Cambridge ICE

Cambridge ICE (International Certificate of Education) is a group award for Cambridge IGCSE. It encourages schools to offer a broad and balanced curriculum by recognising the achievements of learners who pass exams in a range of different subjects.

Learn more about Cambridge ICE at www.cambridgeinternational.org/cambridgeice

Making entries

Exams officers are responsible for submitting entries. We encourage them to work closely with you to make sure they enter the right number of candidates for the right combination of syllabus components. Entry option codes and instructions for submitting entries are in the *Cambridge Guide to Making Entries*. Your exams officer has access to this guide.

Exam administration

To keep our exams secure, we produce question papers for different areas of the world, known as administrative zones. We allocate all Cambridge schools to an administrative zone determined by their location. Each zone has a specific timetable.

Some of our syllabuses offer candidates different assessment options. An entry option code is used to identify the components the candidate will take relevant to the administrative zone and the available assessment options.

Support for exams officers

We know how important exams officers are to the successful running of exams. We provide them with the support they need to make entries on time. Your exams officer will find this support, and guidance for all other phases of the Cambridge Exams Cycle, at **www.cambridgeinternational.org/eoguide**

Retakes and carrying forward marks

Candidates can retake the whole qualification as many times as they want to.

Learn more about retake entries, including definitions and information on entry deadlines, at **www.cambridgeinternational.org/retakes**

Candidates cannot resubmit, in whole or in part, speaking tests from a previous series for remarking. For information, refer to the *Cambridge Handbook* for the relevant year of assessment at **www.cambridgeinternational.org/eoguide**

Marks achieved in Paper 3 Speaking **cannot** be carried forward to future series. See the regulations for carry forward set out in the *Cambridge Handbook* for the relevant year of assessment and the *Carry-forward regulations supplement* at **www.cambridgeinternational.org/eoguide**

To confirm what entry options are available for this syllabus, refer to the *Cambridge Guide to Making Entries* for the relevant series. Regulations for carrying forward component marks can be found in the *Cambridge Handbook* for the relevant year of assessment at **www.cambridgeinternational.org/eoguide**

Language

This syllabus is available in English only. The assessment materials are in Malay.

Accessibility and equality

Syllabus and assessment design

At Cambridge we recognise that our candidates have highly diverse socio-economic, cultural and linguistic backgrounds, and may also have a variety of protected characteristics. Protected characteristics include special educational needs and disability (SEND), religion and belief, and characteristics related to gender and identity.

We follow accessible design principles to make our syllabuses and assessment materials as accessible and inclusive as possible. We review language accessibility, visual resources, question layout and the contexts used in questions. Using this approach means that we give all candidates the fairest possible opportunity to demonstrate their knowledge, skills and understanding.

Access arrangements

Our design principles aim to make sure our assessment materials are accessible for all candidates. To further minimise barriers faced by candidates with SEND, illness or injury, we offer a range of access arrangements and modified papers. This is the principal way in which we comply with our duty to make 'reasonable adjustments', as guided by the UK Equality Act 2010.

Important:

Requested access arrangements should be based on evidence of the candidate's barrier to taking an assessment and should also reflect their normal way of working. For Cambridge to approve an access arrangement, we need to agree that it constitutes a reasonable adjustment and does not affect the security or integrity of the assessment. This is explained in section 1.3 of the *Cambridge Handbook* www.cambridgeinternational.org/eoguide

Applying for access arrangements

- Details of our standard access arrangements and modified question papers are available in section 1.3 of the *Cambridge Handbook* www.cambridgeinternational.org/eoguide
- Centres are expected to check the availability of access arrangements and modified question papers at the start of the course. Check the *Cambridge Handbook*, the assessment objectives listed in the syllabus document and, where applicable, any access arrangement restrictions listed in the syllabus document.
- Contact us at the start of the course to find out if we can approve an access arrangement that is not listed in the *Cambridge Handbook*.
- All applications should be made by the deadlines published in the *Cambridge Handbook*.

Some access arrangements are not allowed in this syllabus because they affect the assessment objectives:

- candidates must **not** use voice-activated software to dictate their written work
- candidates must **not** use word processing technology which uses word prediction and/or phrase prompting including spell check and grammar check
- candidates must **not** use a human reader.

After the exam

Grading and reporting

Grades A*, A, B, C, D, E, F or G indicate the standard a candidate achieved at Cambridge IGCSE.

A* is the highest and G is the lowest. 'Ungraded' means that the candidate's performance did not meet the standard required for grade G. 'Ungraded' is reported on the statement of results but not on the certificate.

In specific circumstances your candidates may see one of the following letters on their statement of results:

- Q (PENDING)
- X (NO RESULT).

These letters do not appear on the certificate.

On the statement of results, Cambridge IGCSE is shown as INTERNATIONAL GENERAL CERTIFICATE OF SECONDARY EDUCATION (IGCSE).

On certificates, Cambridge IGCSE is shown as International General Certificate of Secondary Education.

How students and teachers can use the grades

Assessment at Cambridge IGCSE has two purposes:

- 1 to measure learning and achievement
The assessment confirms achievement and performance in relation to the knowledge, understanding and skills specified in the syllabus.
- 2 to show likely future success
The outcomes help predict which students are well prepared for or likely to be successful in a particular course or career.
The outcomes help students choose the most suitable course or career.
