What is the pre-exam despatch?
This despatch contains most of the materials you will need for the June series, including exam stationery, key administrative documents, despatch labels and script packets. You will receive two other despatches for the June series: one containing confidential question papers and the other containing bar-coded labels for timetabled components. These despatches will arrive with you by the end of April.

What materials are provided in this despatch and what do I do with them?
The despatch contains a number of different items depending on the syllabuses and components you have made entries for. The 'At a glance table' over the page lists all the items, along with a brief description of how to use them and an indication of the number of copies you should have.

Extra guidance
You can view our 'Packing and despatching samples' video at www.cambridgeinternational.org/courseworkandmoderation

What do I do now?
• Carefully check the contents of the despatch. If you are missing any items or need more copies please contact us as soon as possible. Remember, the materials in your despatch are based on your final entries. You will receive materials you need for any late entry amendments or retake entries separately.

• Submit your forecast grades using Cambridge International Direct (known as Direct) by the deadline in the "Cambridge Handbook." If you cannot submit them electronically please complete the enclosed Forecast grade forms (F1) and return them using the envelope provided.

• You need to send us marks and samples for your internally assessed components. Visit our samples database (www.cambridgeinternational.org/samples) to check the requirements for specific components. Once you have done this:
  – Submit your marks through CIE Direct by the dates shown in the samples database. If you cannot submit them electronically, complete the enclosed Internal Assessment Mark Sheets (MS1) and return them using the envelope provided.
  – Label each piece of work included in your sample using the enclosed identification labels.
  – Place the samples for each internally assessed component in separate script return packets. Each packet should also include a copy of your internally assessed marks for that component and your completed forms (available from the samples database). Attach the correct bar-coded label to each packet.
  – Place your packets in an outer package. You can place packets for different internally assessed components in the same outer package. Stick the enclosed address labels to each outer package.
  – Send your samples using a method that provides a tracking facility (e.g. a courier) by the dates shown in the samples database. Keep a record of your courier details.

• Before the start of the exam period, display the 'Notice to Candidates' and 'Candidate Warning' posters outside and inside your exam rooms.

• All the other materials are for use in the exam room. Make sure you store them safely until the day of the exam and that your invigilators know what each item is for.
At a glance table – all you need to know about the pre-exam despatch

☐ Your despatch contains all the items in the white rows.  ☐ The items in blue rows relate to specific components only.

You will have these items if you made entries for these components in the June series.

</tbody>
</table>
Additional exam materials list

For components where candidates need additional materials, use our list to find out:

• which additional materials you need to provide
• which exam materials we provide
• whether the candidates should answer directly on the question paper, on multiple-choice answer sheets or on an answer booklet provided as an insert in the question paper.

The additional exam materials list is accessible online whenever you need it. You can use it to:

• search for information relating to the exams you are managing
• print off the information you need so you have a record in the exam room
• share the link to the list with any staff members who might need access.

How to use the additional exam materials list

Step 1. Download the list from our website at: www.cambridgeinternational.org/beforetheexams from the ‘Additional exam material’ section.
Step 2. Search for the component codes using the bookmarks.
Step 3. Click on the 'additional information' bookmark to view our regulations for dictionaries and calculators, the standard materials candidates need for every exam and items not included in the list.
Step 4. Print the relevant pages of the list.

Important information
Check whether you have all the necessary materials for each exam. Make invigilators aware of the information and have a copy of your print-out available in the exam room.

Samples database

Candidates’ work that is internally marked by teachers in your school needs to be moderated by us. The samples database tells you the following:

• component, qualification and syllabus information
• how we assess the component
• how to send us materials
• how to choose samples
• who chooses samples
• deadline for marks
• deadline for samples
• forms to include with your coursework samples.

The samples database is free to use and available at: www.cambridgeinternational.org/samples

How to use the database

Step 1. Visit www.cambridgeinternational.org/samples
Step 2. Click ‘Use the Cambridge samples database’
Step 3. Select your country from the dropdown menu
Step 4. Enter up to five syllabus codes and select ‘Search’
