

What syllabuses are available?

We offer a wide choice of syllabuses and hold two exam series each year – in June and November*. Here is a list of the syllabuses available to schools around the world. It excludes withdrawn syllabuses for which the last examination takes place by the end of 2021.

Before you start teaching, **check our website for the latest information on each subject to make sure the syllabus is still available and in your administrative zone.** Registered Cambridge centres also receive the *Cambridge Guide to Making Entries* about six months before each series. The guide lists the syllabuses and entry options available in each series and administrative zone.

| Cambridge IGCSE™ | Syllabus code | June | November |
|--|---------------|------|----------|
| Creative and professional | | | |
| Accounting | 0452 | ✓ | ✓ |
