INTRODUCTION

Cambridge International Examinations offers high-quality curriculum support materials to help teachers deliver our programmes and qualifications effectively, and to help learners achieve good results. This catalogue gives details of the publications available in hard copy for each education stage that we offer, from Cambridge Secondary 2 through to Cambridge Advanced.

The items listed in this catalogue are provided as physical copies (hard copy and in some cases DVDs) that you can order in. Please note that some of these may be copies of the documents rather than originals.

Many additional publications are free to download from Teacher Support at <https://teachers.cie.org.uk> and these items may not be listed in this catalogue.

Cambridge-registered schools can use the electronic order form available at www.cie.org.uk/orderpub

Our curriculum support materials are provided on the condition that they will not be resold or traded to any third party; Cambridge International Examinations reserves the right not to provide items to any organisation or to take any action that it considers appropriate.

SHARED RESOURCES

Cambridge IGCSE and Cambridge O Level

Cambridge Professional Development for Teachers

All of the books in this series are written by experienced teachers and Cambridge trainers for teachers delivering Cambridge IGCSE or Cambridge O Level courses in the subject. They provide clear and practical guidance on teaching and assessing skills in a range of core subject areas for Cambridge IGCSE and Cambridge O Level. Content includes ideas and strategies for effective classroom practice, setting coursework, assessing students' work and the integration of different skills. Each guide features:

- **Activities** for teachers.
- **Suggested activities** for students.
- End-of-chapter **questions**.
- **Lists of resources** (including books, websites and other useful material).
- Glossary of terms.

Cambridge IGCSE, Cambridge O Level and Cambridge International AS & A Level: other publications

All publications below are intended for Cambridge registered schools only. They are not suitable for candidate use.

International Practical Science Guide

This guide has been co-developed by the Association for Science Education (ASE) and Cambridge International Examinations. The purpose of this guide is to encourage the increased use of practical work from primary through to the end of secondary schooling. As ASE and Cambridge believe that much can be done without expensive equipment, the guide has been written specifically for schools with limited science resources. It gives advice on preparing and equipping a basic laboratory cheaply, safely and effectively.

The book provides excellent and easy-to-follow guidance for teachers and laboratory technicians on setting up and carrying out practical work. It shows teachers how practical work does not have to be restricted by lack of equipment, lack of expertise or other factors. It enables and encourages teachers to provide a rich practical science experience for their students; practical activities being one of the most exciting, rewarding and motivating parts of science for teachers and learners.

Cambridge Qkit

The Cambridge Qkit is a resource for teachers, which consists of easy-to-use, subject-specific databases of authentic Cambridge past examination questions together with mark schemes and examiner commentary. Using Qkit, teachers can quickly and easily find examples of authentic Cambridge past paper questions to create all kinds of practice material, from short homework assignments on a specific topic to a full mock exam.

Qkit is currently available for Cambridge IGCSE Mathematics (0580)

Demo CDs can be ordered free of charge when you place an order for other publications from this catalogue.
